LEADING THE OMEGA-3 GUMMY INNOVATION

At KD Nutra, innovation is in our DNA. With InnovaGummy™, we bring to life a new technological platform that sets the benchmark for Omega-3 supplementation in gummy format. Consumers no longer need to choose between concentration, taste, or convenience – InnovaGummy™ delivers it all!

THE CHALLENGE - RETHINKING OMEGA-3 GUMMIES

Gummies offer a convenient and enjoyable way to deliver essential ingredients, however traditional Omega-3 gummies, are often low in potency, require 10 or more pieces to achieve daily intake goals, and can leave a fishy aftertaste or have an unusual mouthfeel – making compliance a challenge.

OUR BREAKTHROUGH - ADVANCED TECHNOLOGY FOR SUPERIOR OMEGA-3 GUMMIES

InnovaGummy™ solves this problem with a technological leap: the highest concentration of Omega-3 per gummy in the industry – without compromising taste, odor, or texture!

- Ultra-high Omega-3 concentration
- No fishy taste or smell
- Smooth, consumer-friendly chew
- Direct oil processing instead of powder: fewer steps, greater efficiency
