

MOVE3[®]

A CUSTOMIZED OMEGA-3 FORMULATION DESIGNED FOR JOINT DEFENSE AND EXERCISE RECOVERY

WHAT IS MOVE3[®]?

It's a specialized blend of high potency, high purity Omega-3 oil supported by clinical research and manufactured by KD Nutra[®] at our pharmaceutical plant in Germany, combined with a proprietary eggshell membrane product called NEM[®] which is supplied exclusively to KD Nutra[®].

ADVANTAGES

NEM[®] provides bioactive molecules working synergistically to promote healthy joints and it has been shown in human clinical trials to help defend healthy joints against pain, stiffness and cartilage degradation. Omega-3s, including EPA & DHA, may reduce delayed onset muscle soreness (DOMS) and the perception of pain from exercise and are important metabolites in the natural cycle of the immune response to activities like exercise.

CLINICALLY PROVEN FORMULATION

A published clinical trial* showed improvements in joint pain, stiffness and cartilage damage following exercise compared with placebo. Men and women took either a placebo or the treatment containing Move3[®] Proprietary Blend.
